## OBJECTIVE

Highly motivated computer science student with MYSQL, Data structure and programming skills eager to contribute to innovative projects and learn through an internship opportunity

---

## EDUCATION

**B.tech in Computer Science** , Malla Reddy College of Engineering  
CGPA : 8.5

**Expected 2026**

**Intermediate (MPC)**, Loyola Academy Junior College  
Percentage : 90%

**June 2020- May2022**

---

## SKILLS

<b>Programming languages</b>	C, Python, HTML
<b>Data base</b>	MYSQL
<b>Developer Tools</b>	Google Colab ,VS code,Turboc++
<b>Academic coursework</b>	DBMS, Data Structures, Operating system
<b>Certifications</b>	Freshmen Induction(Microsoft coding ninjas) Accenture Developers program(Accenture) Basics of python(Uniathena) Generative AI model (Nextwave) Data Analytics (jobaaj) HTML Advance, Basics of Python, Python Game development case study

---

## PROJECT

**Parkinson Disease Detection:** Developed a code where it detects the symptoms of Parkinson disease .Where it gives100% accuracy by using the CNN and ANN .  
It is trained by the XGboost etc. It detects disease by walking ,movements in hands

---

## EXTRA-CURRICULAR ACTIVITIES

**Blind-Coding** Participated in blind coding competition

**Tare Zameen Foundation** selected as an intern for Tare Zameen foundatInternshala to help the needy

**Common Internship Test** I have been participated actively in the internship test
